# Introduction

This guide is developed to help clients and business entities to use the MOCCAE digital services. It will include an overview on how to use the portal, then detailed step-by-step instructions on how to use each service: a brief description about the service, what you need to know or to do before using the service, how to input the required information, how to upload documents, and what to expect upon completing the service.

# Overview

The digital services platform 'Go Digital 👸 ' single service interface, integrated internally within the Ministry portal and externally with other concerned government entities. It covers all 115 services that MOCCAE offers to its customers.

It also features proactive communications, such as reminders, eligibility notifications, and informative messages that automatically anticipate the services customers need without receiving application requests. Moreover, it will include a comprehensive customer database and service history to facilitate service application and delivery.

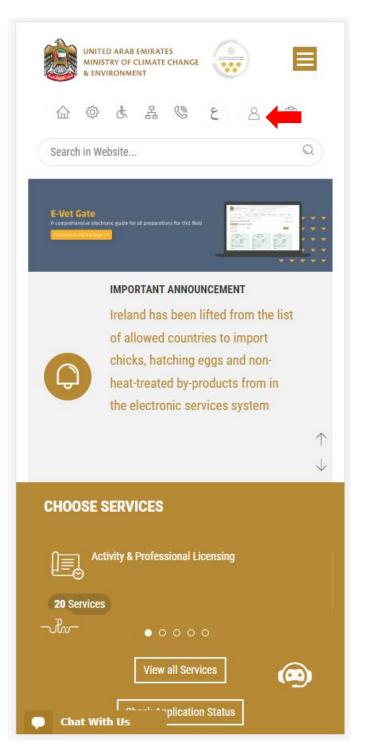

The portal is very easy to use, and it can be accessed in Arabic or English. It is designed to improve customer experience and enhance customer happiness.
